OCTOBER'S HOT LIST

9TH OCTOBER 2019

Our monthly Hot List rounds up all the inspiration and recommendations you need to know about right now. From one of the year's most anticipated films to the supersized drinks company, this is the SLMAN team's roundup of the hottest things to do, see, buy and read in October...

RESTAURANT: ALLEGRA

The seventh-floor Sky Garden of The Stratford hotel is given over to Allegra, a restaurant bringing high-end dining and old-school hospitality to East London. The main room evokes a Scandinavian farmhouse, with an open kitchen, sweeping stone bar and rich, stained oak furniture – all illuminated by floor-to-ceiling windows. Former Chiltern Firehouse head chef Patrick Powell's menu is modern European, hyper-seasonal and influenced by produce from the restaurant's organic farm just 40 minutes away.
