## London's best winter cocktails

## The Mezzanine

Cocktail at The Mezzanine

Cushioned within East London's most exciting new opening; The Stratford hotel; The Mezzanine is a world-class cocktail bar. The contemporary décor keeps it modern and fresh, yet warmly inviting for these winter months; and the drinks list is sublime and expertly created. Inspired by the New York cocktail scene between the 1930s and 60s; from Jazz Age classics to Mad Men infusions, these are all put together by the award-winning team behind Dandelyan, the Connaught and the Savoy. Not only are their cocktails – highlights including the Gold Boulevardier (featuring homemade vanilla bitters) and Tapatia Fizz (tequila with a grapefruit and agave blend) – perfectly decadent, they are sustainable too. So you can drink guilt free.
